Re: MoU for your action

Dear Shrestha,

I am pleased to forward a copy of MoU with MoHP office stamp for Local Health Governance Strengthening Program that we all the concerned parties have signed on March 17, 2010. I hope you are aware about this delay that has occurred to get signature of officials from Doti and Dang districts which have been completed recently.

I appreciate your commitment for devolving health management to local bodies and look forward to see your proactive action in line with responsibilities we have identified for each of us.

I would like to assure you that MoHP is ready to extend all necessary support to you for successful implementation of this program.

Yours' sincerely,

Dr. Laxmi Raj Pathak
Chief
Policy Planning and International Co-operation Division
Ministry of Health & Population
